Please find below a communication from the EXAMINER in charge of this application.

Commissioner of Patents

The communication filed Jan. 4, 2000 is not fully responsive to the communication mailed Aug. 4, 1999. The Office Action required the election of one species of each of the groups, cytokines, vectors and cell types. However, upon further consideration, the requirement for election of vector and cell type has been redrawn, and the species election has been recast. Therefore, Applicant is required, in reply to this action, to elect a single cytokine from the following group: IL-6, CNTF, IL-11, OSM, LIF or CT-1.

Applicant is given ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an Applicant extend the period for reply beyond the SIX MONTH statutory period. Direct the reply to the undersigned. Applicant is requested to return a copy of the attached CRF Diskette Problem Report with the reply.
